The Best of the Seven Seas

For quality, sustainability, nutrition and flavour.

New 7 Seas Cedar Grillers come in individual 5 oz., frozen portions that are ready to cook for the oven or BBQ. Our hand-cut fillets are seasoned in a sea salt bath, lightly smoked with all natural alder wood and placed on their own presoaked cedar planks to infuse a subtle cedar essence. All of our delicious Cedar Grillers originate from fish caught in the wild in the cold waters of the Pacific Northwest using sustainable fishing methods certified by Ocean Wise.

TRACEABLE TO SOURCE

In a major innovation in the seafood category, consumers can trace Cedar Grillers to the boat and place where they were caught, by entering in the lot code appearing on the label at the 7 Seas website.*

**Does not include Pacific Trio due to difficulties in reporting three different sources.*

Seven Seas Fish Co. Ltd. has been operating since 1967. We supply a growing list of restaurants, hotels, distributors and retailers with great quality seafood, sustainably sourced.
